STATISTICAL REVIEW

Statistical totals for the domestic Conferences at the time of unification, for the last year of each of the two quadrenniums since, and for 1949 and 1950. This summary, taken from the Secretary's report and the Statistician's and Treasurer's report of each Annual Conference, is presented for the purpose of giving certain information not appearing in the Condensed Tables also received from those Conferences. Complete report for 1940 not available.

In Re: The Power of an Administrative Committee in a Central Conference

DIGEST OF THE DECISION

Under the grant of powers to Central Conferences by General Conference legislation within the provisions of the Constitution, the Germany Central Conference had authority to create an Administrative Committee to have charge of current matters of business, and to represent that Conference in legal matters arising between Conference sessions. Such Committee, however, shall be responsible to the Central Conference.

STATEMENT OF FACTS

This case arose because the Germany Central Conference in session at Frankfort on October 9, 1948, reduced the Northeast Germany Annual Conference to the status of a Provisional Annual Conference. The Administrative Committee of the Germany Central Conference later declared that the vote of the Central Conference, by which the Northeast Germany Conference was reduced to the status of a Provisional Annual Conference, was invalid, and continued the Northeast Germany Conference as an Annual Conference.

Under the authority of Paragraph 906 of the 1944 Discipline, Bishop J. W. E. Sommer, being the only bishop in that Central Conference, requested the Judicial Council to hear and determine the legality of such action.

The basis of the question of the legality or illegality of the action stated is as follows:

Paragraph 580 of the 1944 Discipline provided that no Annual Conference should be continued as such with fewer than twenty-five (25) ministerial members after the General Conference of 1948. In accordance with that law, the Northeast

Germany Conference petitioned the General Conference of 1948 that the Germany Central Conference be permitted to reduce the number of its Annual Conferences to four, or to continue the Northeast Germany Conference as a Provisional Annual Conference; and the General Conference so voted. In another action the General Conference passed an Enabling Act extending the time limit mentioned in Paragraph 580 to the General Conference of 1952. The Germany Central Conference in session in Frankfort on October 9, 1948, decided to reduce the Northeast Germany Conference to the status of a Provisional Annual Conference. At that time the 1948 Discipline had not been received by the members of that Central Conference, although its acts had become law. So the vote of that Conference was taken under the misapprehension that their action was required by the provisions of Paragraph 580 of the 1944 Discipline.

Later the Administrative Committee, becoming aware of the extension of time by the General Conference of 1948, sought to declare the action of the Germany Central Conference to be invalid because it was taken under a "misconception" of the state of law, and, acting for the Central Conference, as provided in the Discipline and in the corporate charter of such Executive Committee, continued the Northeast Germany Conference as an Annual Conference.

Therefore, the question of the power of the Administrative Committee so to act becomes important. It perhaps should be noted that the word "invalid" was not correctly used, as what the committee actually did was to repeal or rescind the action of the Conference. Neither the Committee nor the Conference itself would have power to declare any such legislation to be "invalid," as that is a judicial function.

Decision of the Judicial Council

The Constitution of The Methodist Church, Paragraph 19, describing the powers and duties of Central Conferences, states in Sections 3 and 5 thus:

"3. To establish and constitute such Central Conference boards as may be required and to elect their administrative officers.

"5. To make such rules and regulations for the administration of the work within their boundaries as the conditions in the respective areas may require, subject to the powers that have been or shall be vested in the General Conference."

Paragraph 595 of the 1948 Discipline reads as follows:

"A Central Conference, where the laws of the land permit, shall have the power to *organize and incorporate one or more executive committees, executive boards, or councils* of co-operation, with such membership and such

powers as may have been granted by the Central Conference, for the purpose of representing it in its property and legal interests and for transacting any necessary business that may arise in the interval between the sessions of the Central Conference, or that may be committed to said boards or committees by the Central Conference."

The Methodist Church of Germany, in its constitution adopted September 4, 1934, provided:

"The Central Conference shall organize an Administrative Committee. This committee shall consist of the bishop as presiding officer and an equal number of ministerial and lay delegates, of whom one shall act as substitute presiding officer and three others shall be elected as first, second, and third secretaries."

"The Administrative Committee shall have charge of the current matters of business and shall represent it legally and otherwise. It shall be responsible to the Central Conference for the conduct of its business."

We, therefore, hold that such action of the Administrative Committee in continuing the Conference as an Annual Conference was within the powers conferred upon such committee by Paragraph 19 of the Discipline of The Methodist Church and by the Corporate Charter of the Germany Central Conference.

With respect to this action, however, the Administrative Committee is responsible to the Central Conference. The decision of the Administrative Committee will stand and be effective until changed or abrogated by the Central Conference, or by General Conference legislation.

In Re: Basic Salary Plan

DIGEST OF THE DECISION

Although by the general terms of Paragraph 807, Discipline of 1948, District Superintendents are not included in the classification of "regular active itinerants" (see Judicial Decision, P. 196), yet in an Annual Conference which provides for support of District Superintendents on recommendation of the Conference Commission on World Service and Finance (Paragraph 788), if it also adopts the Basic Salary Plan, there should be included therein the support of District Superintendents.

STATEMENT OF FACTS

At the 1949 session of the Judicial Council, there was submitted for review a decision of Bishop Hazen G. Werner made in the Lima District Conference as to the application of the legislation adopted by the 1948 General Conference concerning the "Basic Salary Plan." (See Judicial Decisions, P. 196 et seq.)

One of the questions propounded to the Bishop for a ruling thereon was as to whether or not the provisions of Paragraph 807, Discipline 1948, applied to District Superintendents. On the record, as submitted to the Judicial Council at that time, the Judicial Council then held as follows: "District Superintendents, as indicated in answer to question 2, are not included by the term 'regular active itinerants' as used in this particular paragraph."

Subsequent to the handing down of the foregoing opinion, there has been submitted a statement to the Judicial Council by Bishop Werner referring to his previous ruling, and quoting a clause from Paragraph 788, Discipline of 1948, as follows:

"If an Annual Conference adopts the *Basic Salary Plan* (Paragraph 807) for ministerial support, the support for the several district superintendents thereof shall be included therein."

The Judicial Council is accordingly now asked to reconsider the ruling heretofore affirmed, as affected by the clause above quoted, and to review the whole matter involved therein.

Decision of the Judicial Council

For an adequate consideration of the proposition it must be noticed that there are different plans provided by the Discipline for the support of District Superintendents. The first plan is set forth in Paragraph 788, wherein it is made the duty of the Conference Commission on World Service and Finance "to estimate the total amount necessary to furnish a sufficient and equitable support for the district superintendents of the Conference, including salary and suitable provisions for dwelling, travel, and office expense."

Another plan is set forth in Paragraph 789, which permits Annual Conferences to "provide for support of district superintendents through the Board of District Stewards in each of the several districts."

The foregoing paragraphs are substantially the same as Paragraphs 788 and 789 of the 1944 Discipline, except that in Paragraph 788 of the 1948 Discipline, there has been inserted the sentence quoted above as to which the Judicial Council is now asked to rule. It is to be particularly noted that the so-called "Basic Salary Plan" is new in our Church legislation, and first appears as Paragraph 807 in the 1948 Discipline, which provides how an Annual Conference may adopt such a plan. It was with

reference to the legal application of this Paragraph 807 that the Judicial Council was asked to review the ruling of the Bishop at its 1949 session. On the record as then presented to the Judicial Council, the ruling of the Bishop was affirmed, and we now hold that said affirmation was correct.

What we are now asked to rule upon is the application of the sentence inserted in Paragraph 788, above quoted. We accordingly now hold that, in those Annual Conferences which provide for the support of District Superintendents on the recommendation of the Conference Commission on World Service and Finance (Paragraph 788), and which also adopt the Basic Salary Plan as set forth in Paragraph 807, the support of District Superintendents shall be included.

However, as this clause was inserted only in Paragraph 788, it must be concluded that it does not apply to any other plan for the support of District Superintendents. Therefore, as to Paragraph 789, where support is provided through the Boards of District Stewards, even though such Annual Conference might adopt the Basic Salary Plan of Paragraph 807, the District Superintendents would not be included therein.

Accordingly as modified by the foregoing opinion, the ruling of the Judicial Council as heretofore handed down is hereby affirmed.

**In Re: Re-enactment of Enabling Act
Adopted by General Conference
of 1940**

DIGEST OF THE DECISION

Enabling Acts, adopted in 1940, and in 1944, as to continuing the corporate life or operation of various corporations, boards, and other agencies of the Church, where the incomplete status still continues, do not need to be re-enacted, as this legislation, unless specifically limited as to time, is in effect until repealed or amended.

STATEMENT OF FACTS

Paragraph 1637 of the 1940 Discipline was referred to the Judicial Council, along with a number of other similar paragraphs, by the General Conference of 1948, with the request that the Council rule on the necessity for re-enacting these paragraphs. It has been called to our attention that the decision announced by the Judicial Council on May 6, 1948, covering this matter contained no mention of Paragraph 1637. Therefore, the following decision on Paragraph 1637 of the 1940 Discipline is hereby announced:

Decision of the Judicial Council

In the decision of the Judicial Council as reported on pages 1074-75 of the Journal of the General Conference of 1948, ruling upon the request of the General Conference as to whether or not certain Enabling Acts should be re-enacted, it was held by the Council that the legislation of the General Conferences of 1940 and 1944, unless specifically limited as to time, is in effect until repealed or amended by the General Conference. This principle applies to all these Enabling acts, including the Enabling Act appearing as Paragraph 1637 in the 1940 Discipline.

We, therefore, hold that said Enabling Act, since it contains no limit of time, is still in full force and effect until repealed or amended by the General Conference.

**In Re: The Interpretation of Paragraph 347
of the 1948 Discipline Originating in
Little Rock Annual Conference
of The Methodist
Church**

DIGEST OF THE DECISION

Paragraph 347 of the 1948 Discipline applies only to the *four years* course of study and does not apply to the two years graduate study required of members of the Conference admitted by the three-fourths vote rule under Paragraph 323 of the Discipline. The Annual Conference under Paragraph 22 of the Discipline has authority to prescribe time in which these two years of graduate study must be completed. For dereliction of a member in this respect the Annual Conference

could, under other provisions of the Discipline, take appropriate action.

JURISDICTION

First: Under Paragraph 914 of the Discipline certain bodies may petition the Judicial Council for a ruling in the nature of a declaratory decision as to the meaning of a paragraph in the Discipline that seems to be of doubtful meaning or application.

Paragraph 347 of the Discipline seems to come within that category.

The Little Rock Annual Conference of the Methodist Church made such a petition for an interpretation of Paragraph 347 of the 1948 Discipline as shown by the following quotation from the journal of said conference:

"Resolution—Arthur Terry submitted a resolution asking the Judicial Council for a declaratory judgment of Paragraph 347 of the 1948 Discipline as it would apply to the case of Warren Douglass Golden. The resolution was adopted. Attached." (Page 26, 1949 Journal, Little Rock Annual Conference.)

"PETITION TO JUDICIAL COUNCIL

"Whereas, it has been ruled by the Board of Ministerial Training of the Little Rock Conference that Paragraph 347, 1948 Discipline refers to the additional two years of study required of those admitted into an Annual Conference under the three-fourths ($\frac{3}{4}$) rule as exceptional and unusual cases, as well as to the regular course of study, and was so ruled by the resident bishop, presiding; thereby terminating the conference membership of Warren Douglass Golden who had completed the four year course of study in five years but who had not completed the additional two years study in eight years from the time he began the course.

"And whereas there yet remains doubt in the minds of some as to the correctness of the interpretation, we, therefore, petition the Judicial Council under provisions of Paragraph 914 and 915, of the 1948 Discipline, for a declaratory interpretation of Paragraph 347, of the 1948 Discipline, as said paragraph relates to the additional two years of study for exceptional and unusual cases in the course of study.

"Respectfully submitted,

"Signed by the following: Arthur Terry

J. M. Hamilton

Edward W. Harris

Kenneth L. Spore"

(Pages 64-65, 1949 Journal, Little Rock Annual Conference.)

It is to be regretted that the Judicial Council cannot assume jurisdiction in this case under the provisions of Paragraph 914 of the Discipline. It has already been adjudicated by the Judicial Council that Paragraph 914 of the Discipline does not include the Annual Conference, and that, therefore, the Annual Conference is not authorized under that paragraph to

petition the Judicial Council for a declaratory decision. (See Judicial Decisions, P. 104.)

Second: Paragraph 43 (sub. 3 thereof) of the Discipline, which is a part of the Plan of Union (Constitution) of The Methodist Church, provides that the Judicial Council has power "to pass upon decisions of law made by bishops in Annual or District Conferences."

As will appear from the analysis of the record as hereinafter set forth, the question involved in this case is in effect a ruling of the Presiding Bishop in the 1949 session of the Little Rock Conference, and, under sub. 3, Paragraph 43 of the 1948 Discipline, the Judicial Council does have jurisdiction to hear and determine the same.

STATEMENT OF FACTS

The question before the Judicial Council originated in the Little Rock Annual Conference under the following conditions as reflected by the 1949 journal of that Conference:

On page 24 of the journal is the following entry:

"Warren Douglass Golden was located under the provisions of Paragraph 347 of the 1948 Discipline.

"Report No. 3 of the Board of Ministerial Training was filed for record with the secretary."

Report No. 3 of the Board of Ministerial Training is set out in full on page 15 of the journal, and reads as follows:

"ON THE CASE OF REV. WARREN DOUGLASS GOLDEN

June 10, 1949

REPORT No. 3

"The Reverend Warren Douglass Golden was admitted on trial to the Little Rock Annual Conference November 14, 1940, by a three-fourths vote of the conference, as a Special Case, because of insufficient educational qualifications, under the special disciplinary provisions. Under this special provision, he was required to take the regular four year course of study, plus two years of graduate work. The first four years were to be finished within six years and all six years of work to be finished within eight years.

"He completed the first four years October 29, 1945, or five years later. Last year, October 1948, three years later, he had finished only a portion of one of the four graduate courses. Last conference also marked the end of the eight years allowed Brother Golden. Upon recommendation of the Board with the concurrence of the Bishop, and by vote of the conference, consideration was given to periods of illness, and he was allowed an additional year of grace, bringing the total to nine years. It was the opinion of the Board and Bishop Martin last year that we were exceeding our authority in granting the ninth year, or year of grace. The conference and Brother Golden were so informed at the time, and he was told that no further extensions could be granted. Fortunately, our Bishop has not been challenged thus far on this decision.

"This year the work still remains unfinished, and the request was made to the Board by Brother Golden for an additional extension of time, making a total of ten years. According to the law, our Bishop could not allow such an extension, if the years were totaled as ten, which was the case this time. The Board, seeking to save Brother Golden, sought desperately for loopholes by which the years could be reduced by means of a legitimate recount. Otherwise, our Bishop would face possible charges of mal-administration. Such a proposed recount of two previous years was before the Board, and was defeated by a majority vote. It, therefore, became the judgment of the Board that no extension of time could be made, in addition to the year of grace already granted. Quote, Paragraph 347, 'Any member in full connection who fails to complete the entire four years of the course of study within six years shall be located, unless extension of time shall be recommended by a two-thirds vote of the Board of Ministerial Training and Qualifications and authorized by a two-thirds vote of the Annual Conference. In no case shall a person have a larger total than eight years in the course of study, and any person failing to complete the course within this eight-year period shall not be permitted to join a conference again on trial. This section, however, shall not apply for the period of time in which the candidates are carrying regular work in residence in a school of theology approved by the University Senate.' We regretfully report this decision, knowing full well its meaning for Brother Golden and his family. They, as well as the church he now serves, along with the brethren of the conference, may be assured that this decision was made in brotherly love, and after much anxious labor on his behalf and soul searching prayer."

There was some conflict between the statements made to the Judicial Council by the representative of the Board of Ministerial Training and Warren Douglass Golden on the question of whether or not this report was adopted by the Annual Conference. The Council feels that in this regard it should rely on the printed record. So far as the Council can determine from a careful study of the journal, there is no entry in the journal specifically recording the adoption of the report by the Annual Conference.

On page 24 of the journal is the following entry:

"Board of Ministerial Training—Charles H. Giessen presented the reports of the Board of Ministerial Training as follows:

"The names of those eligible for Deacon's Orders were read and they were elected. . . .

"The names of those who are members of the class of admission on trial were called, reported upon, introduced, and they were admitted. By recommendation of the Board and by vote of the Conference John Gold was readmitted.

"The names of the Undergraduates were called, reported upon, and advanced in their respective classes.

"Warren Douglass Golden was located under provisions of Paragraph 347 of the 1948 Discipline.

"Report No. 3 of the Board of Ministerial Training was filed for record with the Secretary."

It will be noted that in the case of John Gold it is recorded that he was readmitted "by vote of the Conference." The record does not show that Warren Douglass Golden was located "by vote of the Conference." The negative is implied by the journal entry that the report announcing his discontinuance was simply "filed for record with the Secretary." In this respect the action indicates that the location was in effect the result of the ruling of the presiding officer rather than by vote of the Conference. This interpretation is implemented by the following:

(1) The first paragraph of the petition for a declaratory decision adopted by the Annual Conference, which first paragraph reads as follows:

"Whereas it has been ruled by the Board of Ministerial Training of Little Rock Conference that Paragraph 347, 1948 Discipline refers to the additional two years of study required by those admitted into an Annual Conference under the three-fourths ($\frac{3}{4}$) rule as exceptional and unusual cases, as well as to the regular course of study, *and was so ruled by the resident Bishop presiding; thereby terminating the conference membership* of Warren Douglass Golden who had completed the four years course of study in five years but who had not completed the additional two years study in eight years from the time he began the course."

(2) By the following exhibit signed by the Presiding Bishop attached to the petition for a declaratory decision:

"EXHIBIT B

"I, Paul E. Martin, the presiding Bishop, concurred in the action of the Board of Ministerial Training and Qualifications concerning the disposition of the case of the Rev. W. D. Golden which resulted in his location under the provisions of Paragraph 347 of the 1948 Discipline, which action is found on page 24 of the Little Rock Annual Conference Journal of 1949. Brother Golden was then listed as an Accepted Supply Pastor, which is recorded on page 29 of the same Journal issue. He was appointed by me to the Ashdown charge, in the Texarkana District, as an accepted supply, the charge which he had served previously for one year. The Judicial Council will do this Bishop, Conference, Board, and Minister a great service if its members will render a declaratory judgment that would interpret Paragraph 347 of the 1948 Discipline, stating specifically whether it was the intention of the legislation to include or exclude the two years of graduate work in the total of eight years allowed for the course of study.

"Paul E. Martin, (signature)

Paul E. Martin, Presiding Bishop
Arkansas-Louisiana Area"

From information furnished to the Judicial Council during the argument of this case, it appears that the Board of Ministerial Training and Qualifications of the Little Rock Conference and Bishop Martin, in making this ruling, were relying on an interpretation of Paragraph 347 made by the General Commission on Ministerial Training and Qualifications; that

there was doubt in their own minds as to whether the interpretation reflected in the ruling was correct; and that such ruling was not intended as an arbitrary interpretation of the law, but more as a means of getting the question before the Judicial Council for an authoritative interpretation of Paragraph 347 of the Discipline. This is clearly indicated by the exhibit, signed by Bishop Martin and attached to the petition for a declaratory decision, and also by the fact that Edward W. Harris, Chairman of the Little Rock Conference Board of Ministerial Training and Qualifications signed the petition for a declaratory decision. (See the petition and exhibit hereinbefore set out in full.)

The Judicial Council not having jurisdiction under the present law of the Church to determine this case on the petition from the Little Rock Annual Conference for a declaratory decision, but having jurisdiction under sub. 3, Paragraph 43 of the Discipline, submits the following as its decision herein.

Decision of the Judicial Council

The portion of Paragraph 347 to be interpreted herein reads as follows:

"347. Any member in full connection who fails to complete the entire *four years course of study* within six years shall be located, unless extension of time shall be recommended by a two-thirds vote of the Board of Ministerial Training and Qualifications and authorized by a two-thirds vote of the Annual Conference. In no case shall a person have a larger total than eight years in the *course of study*, and any person failing to complete the *course* within this eight-year period shall not be permitted to join a conference again on trial."

By the specific terms of this paragraph it applies solely to the *four years course of study*. The *four years course of study* is the subject matter of the paragraph as indicated by the use of that term in the first sentence of the paragraph. The course of study to which it refers is an entirety within itself as shown by use of the phrase "the *entire four years of the course of study*."

Furthermore, by the commonly accepted rules of grammatical construction, the phrases "the course of study" and "the course" appearing in the body of the paragraph refer to the course of study which is the subject matter of the paragraph. No reference is made in this paragraph to the two years of graduate work required by Paragraph 323 of members of the Conference admitted under the three-fourths vote rule set out in that paragraph. Paragraph 347 deals solely with the four years course of study;

hence no other course of study can be read into it by construction or implication.

It will be noted that under Paragraph 347 six years are arbitrarily given, without penalty, in which to complete the *four years* course of study. If a member in full connection fails to complete this four years course of study in six years and the Board of Ministerial Training and Qualifications and the Annual Conference fail to extend the time, the penalty is location: such member "shall be located."

If the Board and Conference grant the full two years extension, and at the end of the eight-year term the member has not completed the *four years* course of study, the penalty is not only location but such member "shall not be permitted to join a conference again on trial."

In the case here under consideration it is undisputed that Warren Douglass Golden was a member in full connection of the Little Rock Annual Conference, and that he had completed the *four years* course of study in five years. It appears that he had complied with every requirement under Paragraph 347. That being the case, he was not subject to location under that paragraph of the Discipline.

It is likewise undisputed that Warren Douglass Golden was admitted into the Little Rock Annual Conference under the three-fourths vote rule provided in Paragraph 323 of the Discipline. Under that paragraph he was required to pursue the two years of graduate work. At the end of three years after he had completed the four years course of study, he had not completed these two years of graduate work required of him. It is undisputed that for a considerable portion of this time he was ill. The Board of Ministerial Training and Qualifications, the Presiding Bishop, and the Annual Conference recognized his affliction and even under the misconstruction that had been given to Paragraph 347 granted him a year of grace beyond what they considered to be the limit under such paragraph. Thus he was given four full years in which to pursue and complete the two years of graduate work after he had completed the regular four years course of study required of all members of the Conference. Thus it appears that the Board of Ministerial Training and Qualifications, the Little Rock Annual Conference, and Bishop Paul E. Martin, the Presiding Bishop in that area, had shown Brother Golden great consideration and had dealt

with him leniently and in a brotherly fashion with respect to these two years of graduate work. It is further evident from the report of the Board of Ministerial Training and Qualifications to the 1949 session of the Annual Conference, as hereinbefore set out, that further extension of time would have been granted if some plausible or reasonable basis could have been found to avoid the effect of the interpretation of Paragraph 347 under which they were laboring.

Paragraph 323 of the Discipline provides that these two years of graduate work are to be taken under the direction of the Conference Board of Ministerial Training and Qualifications. The Annual Conference, under the Constitution (Paragraph 22 of the Discipline), has the right and authority to vote "on all matters relating to the character and conference relationship of its ministerial members." Under Paragraph 631 of the Discipline, the Annual Conference has the power and right to "make rules to govern its own procedure, *provided* that no Annual Conference shall make any rule contrary to the Constitution or to the powers granted it by the General Conference." Therefore, on recommendation of the Conference Board of Ministerial Training and Qualifications, the Annual Conference could prescribe the time in which the two years of graduate work shall be completed. For dereliction of a member of the Conference in this respect it could, under other provisions of the Discipline, take appropriate action. In the opinion of the Judicial Council, however, in such a case Paragraph 347 would have no application.

It follows, therefore, that a member in full connection in an Annual Conference who has completed the *four years* course of study within six years cannot be automatically located under the provisions of Paragraph 347.

Under the record in this case and the undisputed facts as hereinbefore set out, it is the decision of the Judicial Council that the ruling of the Board of Ministerial Training and Qualifications concurred in by the Presiding Bishop in the case of Warren Douglass Golden cannot be sustained. Such ruling of the Presiding Bishop in the 1949 session of the Little Rock Annual Conference is hereby reversed.

INDEX OF ANNUAL CONFERENCE MINISTERIAL MEMBERS

The following is a list of the Conference Members, including Probationers, whose present relation to the Church is recorded in this volume. The figure before each name represents the year in which the man was received into Full Membership. Where the figure is omitted there is a question about the exact year and the matter is being investigated. The star (★) indicates that the name will not appear in the General Minutes next year, the man having been removed by death, discontinuance, location, withdrawal, or expulsion. **Boldface type** indicates that the preacher is retired. The superior figure in the page number is the column in which the name appears. The editor of the General Minutes will appreciate information which will increase the completeness and accuracy of this record. Address him, The Statistical Office, 740 Rush St., Chicago 11, Ill.
